

Dental Treatment Coordinator (ID 2025-30393)

At Scharf Periodontics and dental implant placement, we are shaping the future of dentistry together. Our staff offers a warm and family environment under the expertise of one of the most highly respected board-certified dentists available. The right coworkers should feel like family, and Dr. Scharf creates a work environment and level of expertise that will make you proud to be part of the Scharf Team.

We make sure that your hours at work are as enjoyable and fulfilling as possible. No weekends, no emergencies.

We provide a positive atmosphere, with Doctors who seek and receive input from our team (we want you to succeed!). We love ideas and innovation, and our team only gets better with collaboration. For the right candidate, we'd love nothing more than to invest in your growth. Don't take it from me (I'm just the Doctor), take it from one of our team members: "Even a bad day with this crew beats the best day anywhere else I have ever worked."

Requirements:

- Open to coaching, mentorship and performance management support (we've got your back)
- Engaged in patient flow and experience
- Excellent communication skills
- Sound decision-making skills, and contributing back to our community
- Willingness to try creative and innovative approaches to practice and team management
- Authenticity (we like real people)

Come share your magic with us.

Budgeted hourly rate for this position: \$24.00 - \$30.00 per hour

Full-time benefits offered and so much more!

How to Apply:

If you are a dedicated Treatment Plan Coordinator looking to advance your career in a modern, patient-centered practice, we invite you to apply by submitting your CV.

Be part of our journey to shape the future of dentistry. Apply today to join our mission-driven team!
